- > Very good cleaning and degreasing effect
- > Dries quickly leaving no residue
- > Ventilation time not required

Technical properties

Density at + 23 °C [g/cm³] ~ 0,9 Shelf life at 23 °C/50 % RH 24 [months]

These data are not suitable for the issue of specifications. Please contact OTTO-CHEMIE before issuing specifications.

Application information

Wash out all parts of the equipment with OTTO Cleaner MP in order to remove all adhesive residues.

Residues of cured adhesives can only be removed mechanically.

Due to the many possible influences during and after application, the customer always has to carry out trials first. Please observe the recommended shelf life which is printed on the packaging.

Packaging
