

OTTO Compressed Air Gun

P 490 DP2X

Technical Datasheet

- Characteristics:
- Compressed air gun for the use of side-by-side cartridges 490 ml (Sulzer C, F and BlueLine System) with mixing ratio of 10:1
 - Special pistol for increased product discharge
 - With continuously variable adjustable pressure control valve and quick-locking coupling (EU plug connection)
 - Recommended working pressure: 5 bar

Important information: Please observe the accompanying operating instructions before use. The pneumatic hand gun has a 1/4-inch connection with EU plug connection (fast-action coupling) for connection in line with the respective requirements. The hose must be a coil lead suitable for mobile processing purposes, with a burst load which corresponds to twice the maximum system pressure.
