

# OTTO Hand-operated Gun

## H 245

### Technical Datasheet

#### Characteristics:

- Hand-operated gun with a press capacity of 5 kN for 280/290/300/310 ml cartridges
- Ideal for co-axial cartridge system
- U-shaped top loader made from fibreglass-reinforced nylon
- Single-handed lock release
- For high-viscose hybrids, polyurethanes and silicones
- Transmission ratio 26 : 1

#### Technical properties:

Transmission ratio	26 : 1
Press force [kN]	5
Cartridge size [ml]	280/290/300/310
Length [mm]	346
Weight [g]	800
